Interson appoints Medicos Hirata Distributor of SeeMore USB Probes in Japan

Pleasanton, CA

Interson Corporation (www.interson.com), a leader in point-of-care ultrasound imaging, announced today that Medicos Hirata (<http://www.medicoshirata-seemore.com/>) has been appointed as Japan's master distributor of Interson SeeMore USB probes. Medicos Hirata has been a major supplier of medical equipment in Japan since 1918. Medicos Hirata focuses on anesthesia, vascular access, and elder care.

Bill Wiedemann, Interson's Director of Sales, flew to Japan recently to meet with Medicos Hirata's sales and marketing team. He noted: "Medicos Hirata is a great partner for Interson. Medicos Hirata focuses on specific markets and solutions. Their focus matches up very well with Interson's application-specific imaging solutions."

About Interson Corporation

Interson Corporation, an ISO certified, privately held corporation located in Silicon Valley, is a leading U.S. manufacturer of ultrasound imaging probes. Ultrasound systems using Interson products have been installed in offices, hospitals, and clinics around the world since 1989. Interson probes are designed and manufactured in the U.S.A. and have FDA 510(k), a CE mark by TUV Rhineland, Japan PAL NINSHO approval, and a medical device license from Health Canada. Recognized as one of the top ten innovations

of the year by the International Academy of Science, SeeMore probes extend clinicians' vision beyond their fingertips.
