

SeeMore™ USB Probes

We **revolutionize** imaging devices.

IMPROVE PATIENT CARE WITH THE SEEMORE VASCULAR ACCESS SCANNER™

- Turns every computer in your facility into an ultrasound imaging system.
- Affordable, portable, and easy to use.
- PICC line, central line, arterial line, and peripheral line placement made easy
- Easy “quick look” without tying up other systems. No more “dead time” waiting for system.
- Exams billed using same CPT codes as any other ultrasound imaging system.

VA 7.5/24 MHZ PROBE

CAROTID / JUGULAR

SeeMore™ USB probes are manufactured in U.S.A. by Interson Corporation (www.interson.com).
